

Chair's report for October 2017

On Monday 11 September I attended a meeting of Chitterne Parish Council to explore the possibility of Shrewton and Chitterne joining forces to improve our traffic situation.

Chitterne does not possess a formal traffic group, since the 11 September meeting Chitterne have been in touch with me to enquire about the make-up and meeting frequency of Shrewton's traffic group. I have responded but since this there has not been any further communications.

Further reports from the Chair relate to the traffic group and are reported as such.

This concludes the Chair's report.
