

## **Chair's report for July 2018**

Following the resignation of Beth Dunlop the Council has space for three more members. No responses were received to the notice of Beth's resignation and any new member joining the Council will be by co-option.

As has been stated many times, the main problem facing our village is traffic. Apart from cost there are many regulations and requirements that have to be fulfilled; lighting, road signs, visibility etc., whilst parishioners (quite rightly) are frustrated at the lack of progress Council members continue to work towards finding a solution to the problems.

This concludes the Chair's report.
