

Chair's report for August 2018

The Parish Council currently has three vacant seats, there was 'expressions of interest' at the flower show in becoming a Councillor from some people.

On Sunday 8 July there was a 'cricket match' commemoration of the gifting of Stonehenge to the nation by Sir Cecil and Lady Chubb. I would like to thank Jim Nicholson for the work he put into organising a very successful and enjoyable day. Many of those attending were from outside Shrewton and were very complimentary about our village.

On 28 July the village held its annual flower show. After many weeks of hot and dry weather today was the day when wind and rain returned! Fortunately the worst of it missed Shrewton and many people turned up to enjoy the day. Congratulations to all those who took part.

On Monday 23 July Councillors Ron Lock, Darren Henry and myself met with officers from Wiltshire Council to discuss the possibility of introducing a bus route between Shrewton and Amesbury. This meeting will be reported on as part of the Council's business.

This concludes the Chair's report.
