

Chair's report for November 2019

On 18 October I attended the Community Area Transport Group meeting in Amesbury, this is covered in the Traffic Group report.

On 2 November there was a clean-up day organised by the WI. Despite the weather quite a few people turned out to tidy up our village, a considerable quantity of waste sacks were filled and I would like to thank all those who took part.

This concludes the Chair's report.
