

## **Shrewton Parish Council Chair's report for September 2021**

### **Meeting with Unitary Councillors**

On Tuesday 24 August I met with Unitary Councillors Kevin Daley and Dr Mark McClelland for a walk-through of the B3086 London Road and High Street to show the issues Shrewton faces due to traffic, parking outside the Co-Op blocking the virtual footpath and the lack of pavements along much of the B3086.

### **COVID -19**

For the first time the COVID-19 infection rate in Wiltshire has risen above the average for England and the number of people with COVID-19 in the Royal United Hospital Bath, Great Western Hospital or Salisbury District Hospital is now 69, compared to only one person in the week prior to 18 May. Locally, although the infection rate is falling, it is still above the average for England so please remember 'Hands, Face, Space'.

This concludes the Chair's report.
